

Chapter 16 Vocabulary Review

THE CHURCH AND THE AGE OF ENLIGHTENMENT

Identify the vocabulary term for each description. Try to see how many you know before looking at the vocabulary terms at the end of this chapter.

1. _____
An intellectual movement that believed that the study of science and nature could help correct all problems in society.
2. _____
A form of government in which an autocratic ruler tries to govern justly through the practical application of reason.
3. _____
A bloodless revolution in England in which James II was forced to abdicate the throne to William and Mary.
4. _____
Charles VII's formal declaration of independence of the French Church from Rome.
5. _____
A seventeen-volume work whose major contributors were Deists and atheists.
6. _____
Proponents of the Enlightenment.
7. _____
A declaration that asserted the authority of Louis XIV over the Church in France independent of the Pope.
8. _____
A secret fraternal organization based on Enlightenment thought that sought, and still seeks, to destroy the influence of the Catholic Church.

9. _____
Principle developed by Descartes that asked whether, if people have a subjective existence, it was possible to have absolute certainty about anything.
10. _____
A system of government established in England which blended the monarchical and parliamentary systems.
11. _____
A rationalist philosophy that essentially sees God as a kind of watchmaker who created the world with laws and principles but left it to man's discovery and domination.
12. _____
A kind of Calvinism, this heresy taught that God granted salvific grace only to a small number of predestined people.
13. _____
A means of discovering truth through observation, experimentation, and application.
14. _____
A Gallican movement that influenced the Church in Germany.
15. _____
Large areas in northeastern Ireland that were cleared of Catholics by James I and resettled by Scottish Protestants in an effort to "breed out" the Catholics.
16. _____
Nickname for Louis XIV.
17. _____
A spiritual movement that advocated absolute passivity during prayer and contemplation.
18. _____
A body of French nobles who came together to rebel against Cardinal Mazzarin, regent to Louis XIV.
